## Full Incident Details

I, Dharaneeswar, am filing this complaint on behalf of my brother regarding a case of cheating related to a job application. My brother applied for a software developer position at a company named ABHIDOX, which was located opposite the Eluru Bus Stand. On February 1st, at approximately 10 AM, my brother went to the location near the bus stand to pay an advance fee of 5,000, which was required for joining the job. The payment was made in liquid cash and handed directly to an individual named Mahesh, an unknown person, approximately 25 years old and about 5 feet tall. The company had promised a salary and a joining letter upon payment. However, after receiving the 5,000, the company ABHIDOX stopped responding to all communications. They have neither issued the promised joining letter nor refunded the advance fee of 5,000, thereby defrauding my brother. I request the police to take necessary action against the company ABHIDOX and the individual Mahesh for cheating and recovering the lost amount.

## Offence Classification

COGNIZABLE - Offence permits police action.
